Minimum for Total Credits 最低畢業學分數：128 學分							

Note 備註:

1. (Le-Lb-Cs), Le: Lecture hours, Lb: Lab hours, Cs: Credits。
   課程名稱（講授時數-實習時數-學分數）
2. The university reserves the right to make changes to the courses offered without prior notice.
   本校保留課程調整之權利。
3. This class is a special class, so the courses offered are exactly 128 credits. If students wish to take elective courses in other classes of the university, they can apply for other courses after they are approved by the class committee. The total credits of the courses that students can take can exceed 128 credits.
   本班屬於專班性質，因此所開設的課程剛好為128 學分，如有學生希望能修習本校其他班級之選修課程時，得提出申請，並經專班委員會通過後，即可選修其他課程，不會僅限128 學分。
4. If during the internship period, the student cannot continue the internship in the company and can not smoothly transfer to another company, or when the semester is not suitable for student internship, it will be replaced by the school's practical course.
   若學生實習離退而無法銜接他間公司，或當學期不適合實習時，將以校內的實作課程替代之。

Internship Absence, Interruption, and Substitution Measures

實習未參加或中斷，與其替代方案：

(一) The program emphasizes practical training and hands-on skills development**;** therefore, the “Off-campus Internship” course is classified as a required course **a**nd is one of the graduation requirements**.** In principle, all students must participate. The “Corporate Internship” course is an **elective**, and students may choose to participate voluntarily.
本專班以實作與實務能力培訓為目標，因此「校外實習」課程列為必修課程，其為畢業條件之一，原則上學生必須參加；而「企業實習」課程列為選修課程，學生可自由選課參與實習。

(二) Considering the special nature of this program and students’ personal physical or psychological conditions, if a student—after counseling and record documentation by the advisor—still discontinues or is unable to participate in the internship, the case shall be submitted by the advisor to the Departmental Internship Committee for review and decision. In exceptional circumstances, adjustments or termination of the internship may be made in accordance with the university’s Regulations for Student Off-campus Internships. The principles for early termination and handling are as follows:
考量專班特殊性及學生個人身心特殊因素，若學生經導師輔導並紀錄後，仍有實習中斷或無法實習之情事發生，由導師提交系級實習委員會討論處理。如情形特殊，得依據本校學生校外實習辦法，進行實習轉銜或是中止實習。相關實習之提前中止與處理原則為：

1. If, at the beginning of the semester, a student is unable to participate in the internship due to the aforementioned reasons and obtains approval from the Departmental Internship Committee, the student may take alternative practical courses approved by the committee within the same semester. The credits earned from these on-campus practical courses may substitute for the uncompleted hours and grades of the off-campus internship.
   於當學期起，若因上述因素以致學生無法參與實習課程，且經系級校外實習委員會評估同意，學生得以選修當學期經系級實習委員會通過之替代性課程，於校內修習實務性課程學分替代校外實習課程**未完成時數及成績**。
2. If a student discontinues the internship for certain reasons, the advisor shall first assist the student with internship transfer counseling, following the transfer procedures outlined in the University’s Regulations

for Student Off-campus Internships. If internship transfer to another company is not feasible, the Departmental Internship Committee may approve an on-campus internship in a related field within the program as a substitute (without internship allowance).
學生若因故中斷實習，仍優先以實習轉銜方式輔導，並依本校學生校外實習辦法實習轉銜流程處理。但若無法轉銜至其他實習企業接續實習時，由系級校外實習委員會討論以本專班相關領域之校內實習替代之(無實習津貼)。
