Applicable for the Fall Semester Admission 2025

1. In addition to courses offered by the department, students may take interdisciplinary credit programs across colleges and departments to meet labor market demands and enhance their employability.
The minimum graduation requirement is 128 credits, including 28 university required credits, 10 college-designated basic required credits, 18 college-designated Business Management Module required credits, 15 departmental professional required credits, and 57 elective credits. The regulations for elective credits are as follows:
(1) Elective courses taken from interdisciplinary programs, employment-oriented programs, or professional courses offered by other departments may be recognized as departmental professional elective credits.
(2) College-designated professional module courses offered by this department include:
Accounting (Required)、Principles of Management (Required)、Statistics (Required)、Economics (Required)、Marketing Management (Required) 、Sustainable Development and Social Practice (Required) 、Creative Management (Elective) 、Product Photography (Elective) 、Video Production (Elective)、Internet Marketing (Elective)、E-Commerce (Elective)
2. Students must complete the “Digital Marketing and Business Application Micro Program” in order to graduate.
(Smart Business and Programming (3 credits) + E-Commerce (3 credits) + Category-Based General Education Course in Digital Science (2 credits), totaling 8 credits.)
3. Students must complete a university-recognized interdisciplinary credit program in order to graduate (please refer to the Academic Affairs Office, Curriculum Section, Guidelines for Students Enrolled in Interdisciplinary Credit Programs).
4. This curriculum standard may be revised by the department as needed, provided that students’ rights and interests are not adversely affected.
