Remarks:

1. Students of this department must start from the first semester of their sophomore year to select at least one of the two professional programs offered by the department. They must pass all designated subjects in the chosen program to be recognized as having completed the study program and to be eligible for graduation.
2. Students must complete the "Interactive Website Digital Technology Micro Program" offered by the department and pass all designated subjects in the program to be recognized as having completed the study program and to be eligible for graduation.
3. The "Digital Value-Added Design and Output Program" is an interdisciplinary program, with courses such as "Design Arrangement and Business Planning" and "Contemporary Art Trends" taught by faculty from other departments or industry professionals.
4. In addition to taking elective courses in their major, students may choose cross-faculty or interdisciplinary programs and courses to meet job market demands and enhance employability.
5. The minimum graduation credits for this department are 128, with 78 required credits and 50 elective credits.
6. Elective courses in this department's program cannot be substituted with general education courses of the same or similar subjects.
7. Starting from the 103rd academic year, students enrolled in this department must obtain at least one professional certificate recognized by the department during their study period to graduate. For certificate regulations, please refer to the department's certificate pathway chart.
8. The course standards can be revised by the department as necessary, as long as it does not infringe upon the rights and interests of the students.
9. The department's off-campus summer internship is conducted during the summer between the second and third year or the third and fourth year, requiring at least 160 hours (inclusive) of internship. Additionally, students in their senior year must enroll in the "Summer Off-Campus Internship" course.
10. Cross-disciplinary course requirements: In addition to the major courses of this department, daytime undergraduate students must complete 9 credits of professional courses from other departments (not limited to any faculty and excluding academic ethics and special courses of 5 credits or more). This is to strengthen students' interdisciplinary knowledge and increase employability.
